Oxford Silver Travertine landscape stones from Turkey for French pattern. Originally paid \$4550 for the pallet of 272 sq ft. Selling because project plans have changed. 19 of the size 24"x16" stones have been used out of the pallet. Roughly 200 sq ft are left since there are a few broken stones as well. Other size stones include 8"x8", 16"x8", and 16"x16" and then the remaining 24"x16" pieces that have not been used. Must pick up downtown. Must bring help to load stones, I am unable to help.

Cash or Venmo.
